Please note: As we have limited production capabilities, we can send only one of each Tactile Aid listed to a school. We ask that you do not give them to students, and suggest you create a library for use by many students. You and the parents are welcome to copy them. Due to the overwhelming response to our website, it may be a while before you receive the items you have requested. We are working diligently, and hope to fill all orders soon.

We welcome your tax deductible donation to aid our efforts.
